1. Apply glue to dowel holes in the legs then fit the side frame as shown making sure the screw holes are facing towards the bottom of the legs. Once in position secure the side frames with screws 54 to fully tighten.

2.

Lay the table top face down on your work surface using scrap packaging to protect the table top. Position the legs to the brackets and secure with bolts 51, spring washers 52 & washers 53.

3.

Pull both sets of legs back and fit the frame. Once in place secure the frame with the screws 54 to fully tighten.

Carefully stand your table upright.
