

Premier Nickel Line

Now you can have the handcrafted beauty of copper with the Modern look of steel. But these aren't just any Nickel Plated copper sinks; these are Premier Plated using a highly specialized Nickel Plating process that provides both visual and functional durability.

Why is Premier Nickel so much better? We use only LEAD FREE Nickel Plating on all our products. Our process is generally used for engineering applications due to its properties, including: high wear resistance, high hardness, and corrosion protection. The deposit thickness (plating thickness) can be controlled very accurately. The LEAD FREE nickel can be deposited uniformly throughout the sink when applied, which is critical to long term durability. This is a much more laborious and costly process, but is the only way to produce a truly uniform and durable Nickel Plated sink.

Maintaining the Finish:

Here are a few simple steps to keep your Nickel Plated Copper kitchen and bath fixtures looking beautiful for years.

DAILY

When you finish using your sink, adopt the simple method of "RINSE and WIPE". When water dries, it often leaves behind unsightly calcium stains, which may alter the appearance in an undesirable way. In addition, when food is allowed to sit on the surface of the sink, any acids within the food can alter the finish. Always remember to rinse with water and wipe with a soft cloth.

WHEN NEEDED

Use water and a clear mild non-citrus liquid dish soap with a non-scratch sponge to gently clean the entire surface. Rinse with water and wipe with a soft cloth.

To further enhance the beauty of the finish and add an extra layer of protection from food related acids, use Premier Copper Surface Protectant Bees Wax Spray (Model Number: W900-WAX) Simply spray and wipe with a soft cloth.

AVOID

ALL CLEANING PRODUCTS THAT CONTAIN ABRASIVES, AMMONIA, BLEACH, AND ALCOHOL. ALL WILL STRIP THE NICKEL FINISH AND CAN EXPOSE THE COPPER. ALL HARSH CHEMICALS WILL DAMAGE THE NICKEL SINK!

IMPORTANT

Remember this is a plated finish. It is not a solid nickel sink through and through. This is a Copper sink expertly plated with a Nickel finish. Any use of abrasive cleaners/sponges and chemical cleaners will result in removing the nickel finish and exposing the copper. Always remember to rinse with water and wipe with a soft cloth.

Additional Care Tips

- Always avoid using anything abrasive that may remove the finish
- Following this simple routine of 'rinse and wipe', your nickel plated product will give you a lifetime of enjoyment!
- When working with acidic foods such as lemons, tomatoes, mustard, pineapple, citrus fruit, vinegar, etc., it is best to leave water running while working with products and foods of this nature and remember to thoroughly rinse your sink immediately after use.

Warranty Information

DRAINS

Premier Copper Products warrants its drains and finishes, under normal use, to be free from defects in materials or workmanship, for a limited period of two years from date of purchase. Premier Copper Products will provide, at its sole discretion, replacement part(s) or product to replace those which have proven defective in materials or workmanship. If the product is no longer available, a comparable product will be provided. This Limited Warranty is nontransferable. Proof of purchase and the original receipt from the original consumer purchaser is required. Shipping charges may apply on any replacement parts.

Defects or damage caused by the use of other than genuine Premier Copper Products replacement parts will void this Limited Warranty. This warranty is extended to the original consumer only, and excludes product damage due to installation error, product abuse, or product misuse, whether performed by a contractor, service company, or the consumer. Limited Warranty excludes damage due to normal wear and tear, harsh air or water conditions, or abrasive cleaners and/or materials. Warranty on finish does not cover improper maintenance.

Limited Warranty excludes all well water systems, commercial and business usage, whose purchasers are hereby, extended a one year Limited Warranty.

In no event shall the responsibility of Premier Copper Products exceed the purchase price of the drain. This Limited Warranty does not cover labor charges incurred and/or damages sustained in installation, repair or replacement, nor incidental or consequential damages. This warranty gives you specific legal rights, and you may also have other rights which vary from state/province to state/province.

SINKS AND BATH TUBS

Premier Copper Products warrants its sinks and bath tubs to be free from manufacturing defects in material and workmanship for as long as the original consumer purchaser owns their home.

The original dated sales receipt from an authorized dealer is required for any warranty claims. Damage due to installation error, product misuse and improper maintenance are excluded from this warranty.

Scratches, stains, hard water deposits, fading and discoloring that can occur under normal use are not covered under this

Should you ever have any questions, please call us at (877) 251-4486

- For an added layer of protection, especially in 'hard water' areas, consider coating your sink or tub with a high quality wax. We recommend "Premier Copper Products Surface Wax (Model Number: W900-WAX)". This will help maintain the luster while providing better water runoff.

warranty. Premier Copper Products does not warrant the finish on any nickel plated products.

This warranty does not cover; shipping cost, labor cost and/or damage incurred in installation, repair, or replacement, as well as any other kind of loss or damage. Warranty excludes all commercial and business usage.

LIGHTING - 1 Year Limited Warranty

Premier Copper warrants all of its lighting fixtures against defects in materials and workmanship for one (1) year from the date of purchase. The original dated sales receipt from an authorized dealer is required for any warranty claims. Premier Copper will, at its option, repair, replace or refund the purchase price to the consumer. All costs of installation and removal of the fixture is the responsibility of the consumer. This warranty does not cover fixtures becoming defective due to misuse, accidental damage or improper handling and/or installation and specifically excludes liability for direct, incidental or consequential damages.

Scratches, stains, fading and discoloring that can occur under normal use over a period of time will not be covered under this

warranty. This warranty does not cover; shipping cost, labor cost and/or damage incurred in installation, repair, or replacement, as well as any other kind of loss or damage. Warranty excludes all commercial and business usage.

HOW TO SUBMIT A WARRANTY CLAIM:

Warranty Claims for all Premier Copper Products may be submitted:

1. Via e-mail to: warranty@premiercopperproducts.com
2. By calling (877) 251-4486

For all forms of submittal, please provide the following information:

- 1) Provide the name/description of the product.
- 2) Thoroughly explain the defect/problem. The more details the better we can assist you.
- 3) Provide your proof of purchase, e.g., Company product was purchased from, the date of purchase, all applicable order number(s), and contact information.

Once you have submitted your claim, you will be contacted within 3 business days.
