

# 12V Ultra-Thin Dimmable LED Undercabinet Light Panel

## DESCRIPTION

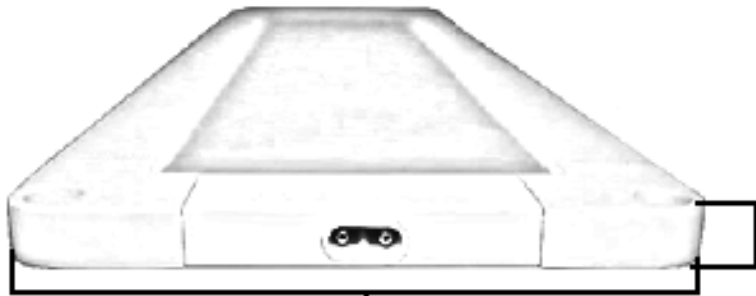

Material: Die Cast Aluminum / Plastic  
Lens: Plastic Frosted Diffuser  
Voltage: 12V DC  
Light Source: Integrated LED Panel  
Light Output (lumens): 180 / 350 / 550 / 750  
Color Temperature: Warm White 2700K  
Dimming Capacity: Full Range  
CRI: 90+  
Power Rating: 5w / 8w / 12w / 16w  
Mounting: Surface  
Certifications: IP65 / cETLus Listed

## DIMENSIONS

10" / 16" / 22" / 30"

0.3125"

4.75"

## ORDERING INFORMATION

| AQUC-UCL | VOLTAGE | Light Bar Length |     | Jumper Cable Length |     |
|----------|---------|------------------|-----|---------------------|-----|
|          | 12V     | 10               | 10" | 6                   | 6"  |
|          |         | 16               | 16" | 12                  | 12" |
|          |         | 22               | 20" | 18                  | 18" |
|          |         | 30               | 30" | 36                  | 36" |
|          |         |                  |     | 78                  | 78" |
