Care & Maintenance

"NOTE": Use warm soap water and a soft, damp, lint-free to clean the mirror. Wipe dry with another clean cloth. Glass cleaner can be used on the mirror surface when required. Avoid scourers, abrasives and chemical cleaners as they can damage the glass and the frame.

In hard water areas, limescale may deposit on the glass. Regular cleaning will minimize this problem. If this build-up becomes increasing difficult to remove, apply a small amount of white vinegar on the area.

-  Do not attempt to cut the glass.
-  Do not hit the glass with hard or sharp article.
