2

Place the split lock washer (HW1) and the flat washer (HW2) on
the screws (HW3) in the order shown below.

3

Attach the 4 legs (B) to the seat (A) by using the Allen key to screw in the screws with the washers. Don't tighten the screws completely.

4

Close the zipper on the bottom of the seat. Turn the bench upright and use the levelers on the bottom of the legs to make sure the bench is level. Completely tighten the screws.
