The Sofia electric fireplace by Cambridge offers the perfect blend of style and functionality to any room it's placed in. Its slim frame is made out of a sturdy MDF material that is available in a beautiful white finish. The clean lines, faux marble, and crown molding are a few of the design details that add character to this handsome frame.

The electric insert produces 5,115 BTUs of fan-forced heat that can quickly warm a 210 sq. ft. room. A multi-color elegant flame display dances across the back of the firebox, creating movement that is sure to catch your eye. Embers of light glaze across the logs within, adding highlights throughout the charred log display. The heat settings can be adjusted with a simple push of a button. During the warmer months, you can set the flames to display without heat - making it perfect to use all year long.

Fireplace enthusiasts will enjoy the convenience of an electric unit. It's flexible placement allows you to move it from room to room as needed. It will never produce ash or soot, and the logs will never need to be replenished. No need to for professional installation, simply plug it in and enjoy!
