THE MEMOIR COLLECTION

The Memoir Collection from Stori Modern was created for a lifetime of experiences: loves, losses, adventures and mishaps. Each strand comes together to form a unique and beautiful tapestry — or, in this case, table and chairs. Whatever yarns you have to spin, the woven, all-weather wicker construction and top-stitched Sunbrella cushions will stand the test of time until you're ready to write the sequel.

FURNITURE MADE FOR CONVERSATION
