

Solar Powered Air Pump

(Model#: SLP104)

This solar powered air pump is simple to install. Put the solar panel in a sunny position beside your pond and it will start automatically. No need for mains electric so no wiring or running costs. This is perfect to provide your fish with added oxygen on sunny days, when they need it most. Suitable for small to medium sized ponds.

Package content:

Air pump (mounted on back side of solar panel), Solar panel 3M Air line, 1PC Air stone, Solar panel bracket and ground spike.
