

Step by Step Assembly Instructions:

*Safety Precautions:

1. Turn off the power at the main electrical service box before starting installation.
2. Electrical connections must comply with local code ordinances or national electrical codes.

Installation Steps:

1. Screw the Top Loop into the Nipple on the top of the fixture.
2. Spread out both Top and Bottom Arms at two tiers and see if it's the same as shown on the Top View image.
3. Place the Glass Shade on the Socket.
4. Fix the Glass Shade and Socket with Socket Ring.
5. Then install each of the Light Bulb.
