FIXTURE ASSEMBLY INSTRUCTIONS

Read and review installation instruction sheet before assembling the fixture.

- Slide the glass shade (K) and candle sleeves (L) over the socket of fixture body (M).
- Carefully press the clips inside of the shade (K) onto the bulb.

(DO NOT EXCEED THE MAXIMUM WATTAGE RATING!)

NOTE: INSTALL THE GLASS ASSEMBLY AFTER THE FIXTURE IS HUNG.

1648-1W BUS

Fig. 4

WARNING ! SHUT OFF POWER AT FUSE OR CIRCUIT BREAKER.

HANGING THE FIXTURE (Fig. 1)

1. Carefully remove the new fixture from the carton and the yellow bag that holds all your parts. Check that all parts are included as shown in the illustration and parts list.
2. Shut off power at the circuit breaker and remove the old fixture from wall, including the old mounting strap.
3. The Mounting Strap(A) contains several pairs of threaded holes, find the pair of holes that match the holes spacing in your fixture Back Plate (K) and thread the two Mounting Screws(B) half way into the Mounting Strap(A).
4. Place the Mounting Strap (A) over the Junction Box (E) so the Mounting Screws (B) are vertical or horizontal, as required by fixture type.
5. Attach the Mounting Strap (A) to the Junction Box (E) by using the two mounting screws(D). Tighten the screws securely.

CONNECTING THE WIRES (Fig. 2)

5. Attach the power supply wires to the fixture lead wires by connecting BLACK to BLACK (or SMOOTH) and WHITE to WHITE (or RIBBED).
 6. Attach the GROUND wire(GREEN or COPPER) from the Junction Box and the fixture Ground wire to the green Ground Screw on the Mounting Bracket (A) or connect both wires together using the correct size of wire connectors.
- NOTE: Twist the wires together in the same direction you twist the wire connector onto the wires.
7. Tuck these wire connections neatly into the Junction Box.

FINISHING THE INSTALLATION (Fig. 3)

9. Place the fixture Back Plate (J), over the Mounting screws(B), so they protrude through the holes in the Back Plate (J).
 10. Thread the Deco Nuts (H) onto the Mounting Screws (B) and continue turning until the Back Plate (J) is snug against the wall.
 11. Install glass as per the fixture assembly instructions
- YOUR INSTALLATION IS NOW COMPLETE. RETURN POWER TO THE JUNCTION BOX AND TEST THE FIXTURE.**
