

1. Parts Listing

2. Assembly Instruction

Step 1

1-1. Turn the base upside down and press the casters into the holes on the legs.

1-2. Place the base upright. Put the base accessory in the centre of the base as shown. Merge two parts of base accessory.

1-3. Insert the gas lift with cover into the base.

1-4. Step One finished as shown.

Step 2

2-1. Place the seat cushion upright and insert the back frame into the seat base as shown.

2-2. Put a washer onto the screw and then put a nut on it, fasten the nut with wrench.

2-3. Align the central hole of the seat plate over the gas lift. Press down until the connection is secure.

2-4. Sit on the seat a while to stabilize the seat. And voila! The assembly has been completed.
