## **Installation and Warranty Guide**

Wall Bars

YJA1000101 YJA1000102

**NOTICE:** Do not change or modify the product in any way. Doing so may compromise the products structural integrity and will void the warranty.

**NOTICE:** Installation instructions must be followed. Any diversions from the installations instructions may risk property damage and will void the warranty.

### IMPORTANT:

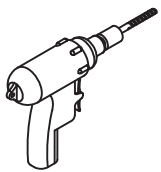

Observe all state and local building codes.

### WARNING:

Anchors are only to be used when installing into drywall. If you are installing into a wood beam do not use the anchors. If you are installing on ceramic tiles or any surface other than drywall, please consult your local home improvement store.

## PRE-INSTALLATION

### Tools Required

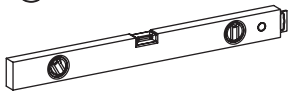

Drill

Safety goggles

Phillips  
screwdriver

Level

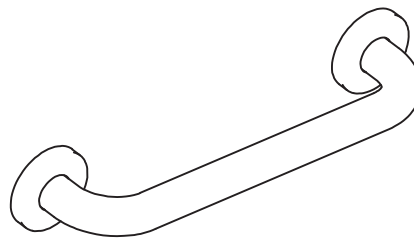

### Parts Included

6 sets

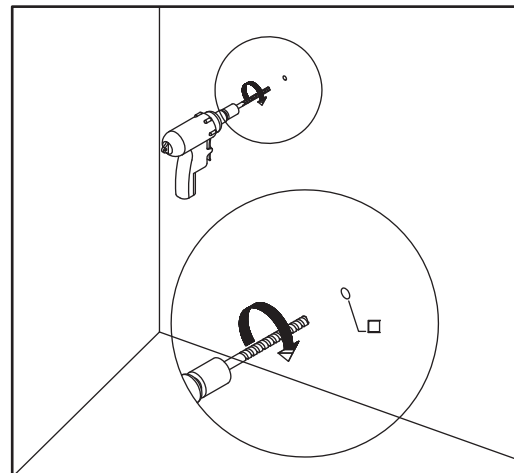

A

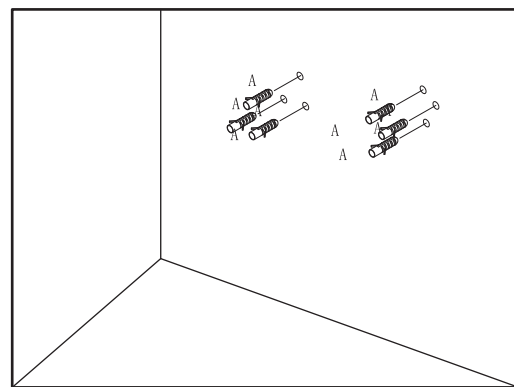

B

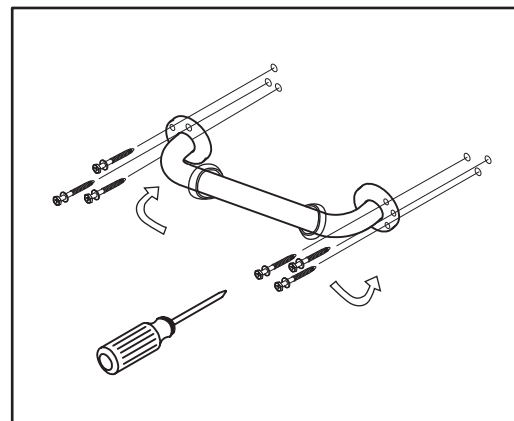

1. Mark your desired position on the wall, using a drill, drill pilot holes.

2. Insert the plastic wall anchors (part A) into the holes, making sure the anchor and the wall are even.

3. Screw part B through plate into the anchors. Place coverplate back to secure the plate.
