DECORATIVE GLASS COLLECTIONS

Adesso redefines contemporary style with a unique application of decorative glass. While decorative glass is most often used as a lamp base, we have found that the beauty of this material really reveals itself when used as a lamp shade. Using sleek lines and elegant structures, Adesso creates an intriguing contrast to the warm luster and industrial feel of the decorative glass. This style is very versatile, providing the user with a variety of looks to choose from.

MANHATTAN TWO-ARM ARC LAMP

An instant solution for overhead lighting, the Manhattan 2-Arm Arc Floor Lamp provides not one, but two shades reaching up and out over a room to provide even and bright ambient lighting. With two extra long arms that adjust up/down and left/right, this Arc Lamp has the capability to spread light exactly where it is needed in your living room. The shorter, wider tapered drum shades suspended from white fabric covered cords reveal a hint of modern influence. Two clean, white diffusers on the bottom of each shade to cast a uniform light around the room.
