Ø8.5mm
x16

(D)-Allen key
x1

(E)-Wall Plug
x4

(F)-Screw
4x40 mm
x4

RS Red Sticker

GS Green Sticker

assembly instructions

Friendly Tip: Take a deep breath going in. This may be a tricky part, but nothing too overwhelming. Just follow these steps to the T and the outcome will be worth it!

- ⓘ While assembling the product, tighten the bolts up to 50%. Once all parts are in place, only then fully tighten the bolts.

step 1:

Start by placing side legs (G and H) and shelves (I, J, K, L) on a flat surfaced carpet or cardboard before starting assembly.

step 2:

Place all shelves with their respective slots on legs (G) and (H) so that the coloured stickers align like in the image below. Make sure all shelves are facing up. This allows the shelves to assemble on an even plane so that the backs flush against the wall during installation.

step 3:

Once aligned, secure them in place using bolt (A), washer (B), lock washer (C) and allen-key (D). Simple enough?

step 4:

Tighten all point using allen key (D).

installation instructions

- ⓘ While assembling the product, tighten the bolts up to 50%. Once all parts are in place, only then fully tighten the bolts.

step 1:

Place the assembled shelf against the wall and put a spirit level on the top plank to check alignment. Adjust if needed. Have another person stand back to see if both the legs (G, H) are in level with the wall. Then, taking this image as reference, mark the top and bottom of the shelf on the wall.

step 2:

Drill holes on the marks and insert wall plugs (E) and screws (F). Now, align keyholes with the screws.

Voila! Your shelf is now assembled and secure!
