WARRANTY

Eden Bath guarantees your product for 1 year.

The warranty can be applied for all the issues related to manufacturing failures and functionality issues.

The warranty excludes negligent or inappropriate use as damage from mishandling, scratches, heat, chemicals, incorrect installation or improper care and maintenance.

This warranty is void if the applied coating is altered.

This warranty excludes small color variations, hairline cracking, and other variances that are inherent in concrete products, as these characteristics are typical of the natural products.
