

Warranty:

Jellybean® offers a one year limited warranty from the date of invoice against manufacturing defects for their rugs only. If upon receipt of a rug, a manufacturing defect has been identified, Jellybean® will replace the damaged rug at no charge. Slight variances in color and design are common and should be expected. In addition, there may be situations that occur over time that might affect your rug's "new" appearance and would not be covered under the warranty. This includes but not limited to the following:

- *Roll marks caused by rolling the rug for shipment are normal and will disappear with normal use.

- * Shedding and pilling is normal for new rugs. Occasional sprouting or pills is normal. Simply trim the loose yarn with sharp shears – do not pull on loose yarn strands as this may cause the design to become unraveled.

- *Prolonged exposure to sunlight, humidity, heat or certain atmospheric gases may cause color changes to your rug or affect the integrity of the backing and the glue that holds the backing to the rug. Therefore, a rug liner is recommended to prevent any possible chemical reaction to manufactured flooring. Check with your floor's manufacturer for any warnings they may have.

- * Rugs recently removed from a bag may have slight odor. This will dissipate in a few days and is not considered a defect.

Care:

All Jellybean® rugs can be machine washed in cold water on a gentle cycle without bleach. To dry, simply lie flat or line dry. Do not pull loose threads, but gently trim with scissors. Do not vacuum your Jellybean® rug; shake any loose dirt out of the rug regularly.

If you have any questions regarding your Jellybean® rug, please don't hesitate to contact our customer service department at 770-452-1155.
