

A photograph of a forest path. The path is covered in fallen leaves and leads into a misty, sunlit forest. Tall, thin trees line the path, and sunlight filters through the canopy, creating a soft, ethereal atmosphere. The text 'DESIGN QUALITY CRAFTSMANSHIP' is overlaid in the upper left quadrant.

# WOODEK: OUR STORY

The Woodek story began in 2008 when we used our passion for real wood and life-enhancing design to start making durable furniture.

Our furniture will meet your needs, being both practical and great for the Earth.

If you share our love for the planet we live on, you're an honorary member of the Woodek family.

Buying our products, you're doing your bit for furniture sustainability - You're buying a product that can be with you through your life.

Our designs radiate love at first sight through wood, design and aesthetics.

We invite you to join us on our journey, becoming a proud owner of a Woodek furniture.

# Thank you for purchasing wooden product.

The solid wood has a beautiful grain pattern with natural light and dark streaks running throughout. Each piece will have its own inherent character – no two could ever be exactly alike. Over time, the wooden products can change the color, shape and dimension. Keep room humidity at 40-60% and temperature between 14-24 °C.
