PACKAGE CONTENTS + (8) Screws

1. BUILD A WALL WITH TALL POSTS.

Hold a Board on the ground so it's standing on edge with the notched ends to the left and right. Slide a Tall Post down over one notched end of the Board. Next, slide another Tall Post over the other notched end. This forms a wall.

Repeat step one to complete a second wall.

3. BUILD A FRAME.

Place the walls parallel to each other and connect them into a square with two more Boards. This forms the Frame of the center Garden Bed.

4. BUILD TWO WALLS WITH SHORT POSTS.

5. CONNECT WALLS FROM STEP 4 TO THE COMPLETED FRAME.

Extend two Boards parallel to each other from the Tall Posts on one side of the completed Frame, and connect one wall from Step 4 over the other ends to complete a second Frame. Then repeat with the other wall to complete the third Frame.

6. ADD A SECOND BOARD TO ALL WALLS.

Add Boards, one at a time, directly on top of each existing Board in the frame. Push the Boards down evenly between the tops of the Corner Posts. If needed, tap snugly into place with a rubber mallet.

7. ADD A THIRD BOARD BETWEEN THE TALL CORNER POSTS & ATTACH DECORATIVE CAPS.

When the Garden Bed is completed, attach each Decorative Cap to a Corner Post with a screwdriver and Screw. We recommend drilling a pilot hole in each Cap first.
