

ORIGINAL CEDAR RAISED GARDEN BED | ASSEMBLY INSTRUCTIONS

Questions? Email info@greenesfence.com or call 800-622-5510 Monday - Friday 8am-5pm EST

PACKAGE CONTENTS + (8) Screws

1. BUILD A WALL WITH SHORT POSTS.

Hold a Board on the ground so it's standing on edge with the notched ends to the left and right. Slide a Short Post down over one notched end of the Board. Next, slide another Short Post over the other notched end. This forms a wall.

Repeat step one to complete a second wall.

2. BUILD A FRAME.

Place the walls parallel to each other and connect them into a square with two more Boards. This forms the Frame of the center Garden Bed.

3. BUILD TWO WALLS WITH TALL POSTS.

4. CONNECT THE WALLS FROM STEP 3 TO THE COMPLETED FRAME.

Extend two Boards parallel to each other from the Short Posts on one side of the completed Frame, and connect one wall from Step 3 over the other ends to complete a second Frame. Then repeat with the other wall to complete the third Frame.

5. ADD A SECOND AND THIRD BOARD TO ALL WALLS.

Add Boards, one at a time, directly on top of each existing Board in the Frame. Push the Boards down evenly between the tops of all the Posts. If needed, tap snugly into place with a rubber mallet.

6. ATTACH FOUR MORE SHORT POSTS ON TOP OF THE FIRST 4 TO CREATE A TALL CENTER FRAME

The Posts are taller than the Boards so Beds can be stacked.

7. ADD A FOURTH BOARD TO EACH WALL OF THE TALLEST FRAME & ATTACH DECORATIVE CAPS.

When the Garden Bed is completed, attach each Decorative Cap to a Corner Post with a screwdriver and Screw. We recommend drilling a pilot hole in each Cap first.
