

INSTALLATION INSTRUCTIONS

Step 1: Drill holes in Wall for Backplate Mounting

Determine your desired location for installation and make a mark for the location. Make 2 marks where mounting screws will be placed as shown below. Mark for location of installation. Drill hole at each end of the marks.

Step 2: Attach Towel Bar to Backplate

Unscrew Cap. Then mount Backplate to desired location and screw them in place. Then insert Towel Bar into Backplate and screw Cap.
