This 45° canopy is for use to hang a ceiling fan on a sloped ceiling and CTC (Close to ceiling) applications. The canopy is only approved for use with Progress Lighting ceiling fan models as follows; P2501, P2503, P2521, P2526, P2530, P2531, P2533, and P2539.

- Perfect for a variety of settings where a ceiling fan needs to be installed on a sloped ceiling.
- Measures 6-5/8-inch width by 4-inch height.
- Refer to the selection guide for ceiling fans that can accept this canopy and recommended downrod lengths based on your ceiling height.
- Includes installation instructions and mounting hardware.
- Progress Lighting products are designed for exceptional quality, reliability, and functionality.
