RAISED GARDEN BED

Silver Salver

Parts Per Level:

- Composite boards 4' x 4
- Composite boards 4' x 4 curved
- Stacking Brackets x 16
- Stakes x 8
- Plugs x 32
- Caps x 8

Layout your boards along the borderline and connect each board together by inserting the top of the stake through the bracket loops with the stake pointing to the sky. This enables you to freely position your border to get your desired location.

PARTS IDENTIFICATION

**NOTE

Anchor stakes should ONLY be use on ground level & middle portion . It CANNOT be used to stack up additional levels.

Stacking stakes can be used on all levels and when creating additional levels.

ONLY Stacking Stakes can stack!

FOR INDOOR & HARD SURFACE:

If you plan to assemble raised bed on a hard surface, use hacksaw to remove the spike of each stake. Use these cut down stakes for the base level only of your raised garden.

ASSEMBLY INSTRUCTIONS

STEP 1a:

Assemble the boards by sliding one end of board into channel end of one of the brackets. Use plugs to cover the holes on both sides to lock the bracket in place.

Repeat this process on the opposite end of the board flipping the bracket in the opposite direction (see image). **Repeat for all straight boards.**

STEP 1b:

Connect brackets to the curved boards in the same way as the straight boards while keeping the bracket pattern consistent with relation to the curve of the board.

STEP 2:

Layout the base level of your raised garden in the shape shown below, using 4 x 4' straight & 4 x 4' curved. Insert stake through the hole of the bracket and into each of the corners to lock all sides in place. Install an anchor stake at each of the circled points below. All other joints will use stacking stakes for the ground level.

Anchor
Stakes

STEP 2a:

For one level, add caps to each of the top corner joints to finish off the raised garden.

HAPPY GARDENING!

ASSEMBLY INSTRUCTIONS – For Product with Second to Four Levels

LEVEL 2, 3 & 4: Repeat Step 2 - using 4 x 4' straight & 4 x 4' curved boards for each level.

Lastly, add the caps to each of the top corner joint.

How the Joints Work
