

# Sideline®72

72" Recessed Electric Fireplace

## SIDELINE®72 FIREPLACE

### 80015 72" Wall Recessed Insert Electric Fireplace - Black

Touchstone 72 inch Sideline® combines the full size of the Onyx®XL 72 inch with the recessed wall design of the Sideline®. Designed to be built-in to your wall, the Sideline®72 delivers a larger flame format than our Onyx®XL, so the flame is larger and really stands out. The Sideline®72 has a ventless design, with the heat coming from the front of the unit. Like all Touchstone fireplaces, the Sideline®72 has the most realistic flame available in an electric smokeless fireplace, and it will leave all your friends questioning if the fireplace is running on gas or if it's electric.
