## Fraser Hill Farm®

## 29" Snowman Scene with Snow Function

When Mother Nature fails to deliver that pictureperfect snowfall you wish for every year, create your own snowy scene with Fraser Hill Farm. Our Let it Snow Series includes a variety of dazzling holiday items that will help you deck the halls every holiday season. What makes this series special is that all products produce flurries of faux-snow that trickle over a bright, winter scene. Whether it's a whimsical Christmas Tree or family of caroling snowmen, the magic of the holidays comes to life in these selfcontaining, snow-blowing decorations.

Built-in speakers are also hidden within each item and are set to play 25 popular holiday tunes such as "Jingle Bells", "Up On The Housetop", "We Wish You A Merry Christmas", and many more. With easy assembly and a flip of a switch you can play Mother Nature by creating your own winter wonderland in the comfort of your home.
