DESCRIPTION

Tekwood is a wood-alternative developed from polystyrene, available in a natural or vintage finish. Designed for the outdoors, Tekwood provides the look of wood with minimal weathering or maintenance.

DURABILITY

Tekwood maintains its form with no deterioration in structural integrity and minimal change in appearance when used properly and exposed to normal outdoor and weather conditions.

CARE AND MAINTENANCE

Clean using a mild, non-abrasive cleanser and rinse well. To help prevent staining, regularly use a furniture polish or protectant that is labeled safe for plastic materials. We recommend 303® Indoor and Outdoor Furniture Protectant™.

EXTREME HEAT EXPOSURE DISCLAIMER

Polystyrene is a plastic. Do not place hot plates and dishes directly on Tekwood. Avoid leaving lighters, matches or cigarettes directly on Tekwood. Also, magnification from the sun caused by certain glass or stemware can damage Tekwood. Use caution when using materials that could increase sun magnification.
