

# HIMALAYAN SALT

**black tai**

**salt co.**

## Table Salt

vs

## Himalayan Pink Salt

- Heavily processed to eliminate minerals and usually contains an additive to prevent clumping
- Too much salt may increase your blood pressure
- High salt intake has been linked to osteoporosis
- Excessive salt consumption has been linked to stomach cancer.
- May contain additives (used to prevent clumping)
- Iodine is artificially added
- Rock salt is extracted through use of dynamite

### Did You Know?

The Himalayan salts many hues of pink, red and white are an indication of salt's rich and varying mineral and energy-rich iron content.

- Hand-mined in the Himalayan Mountains, dynamite use is forbidden.
- Naturally Rich in Iodine and 80+ minerals and elements, which can:
  - Create an electrolyte balance
  - Regulate water content
  - Balance pH (alkaline/acidity) and help to reduce acid reflux
  - Prevent muscle cramping
  - Aid in proper metabolism functioning
  - Strengthen bones
  - Lower blood pressure
  - Help the intestines absorb nutrients
  - Prevent goiters
  - Improve circulation
  - Dissolve and eliminate sediment to remove toxins

May support libido, reduce the signs of aging, and detoxify the body from heavy metals.

### GRADE

Fine | Coarse | Chunk

For those who love all that our salts have to offer, Black Tai Salt Co's - (Food Grade) Himalayan crystal salt products are a perfect addition to your retail or distribution offerings.

## ABOUT THE PRODUCT

Himalayan crystal salt is pink in color and comes in two stock grades; fine and coarse and perfect for salt mills, grinders and shakers. Black Tai brand Himalayan Salt is more beneficial than table salt as it is naturally rich in iodine and 80+ minerals and elements that may support libido function and could reduce the signs of aging. Aids in proper metabolism functions. Our culinary and gourmet salt is hand crafted, and hand mined at the source; The Himalayan Mountains. Our 100% authentic himalayan salt is all natural, NON- GMO, VEGAN.

Reviewed by the FDA and presented in our clear sealed packaging, or custom packaging with white label available. The pink salt looks great in our clear grinders too. Pink salt is found in the Himalayan mountains and is a mixture of about 84 different trace minerals, which are essential for nutrition. Our salt gets its pink hue from iron oxide, which is also naturally occurring, which means it is not subject to dyes or additives to create its beautiful color. Black Tai Salt Co. brand Himalayan Salt is naturally rich in Iodine, and 80+ minerals and elements. Use just like Kosher Salt! All natural Red and White crystals. Colors do vary as the product is 100% natural and unaltered.
