INSTRUCTIONS:

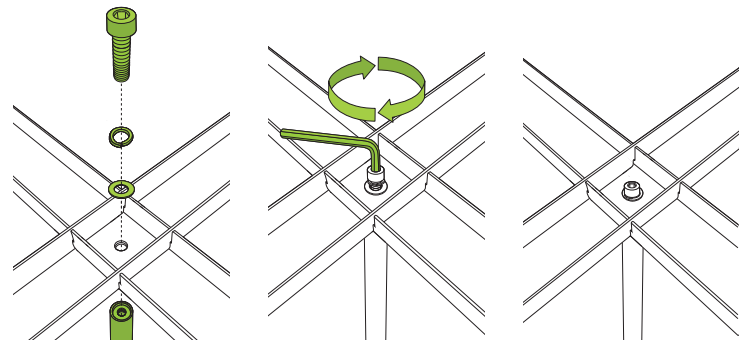

Step 1

Slot **Foot A** onto **Foot B**.

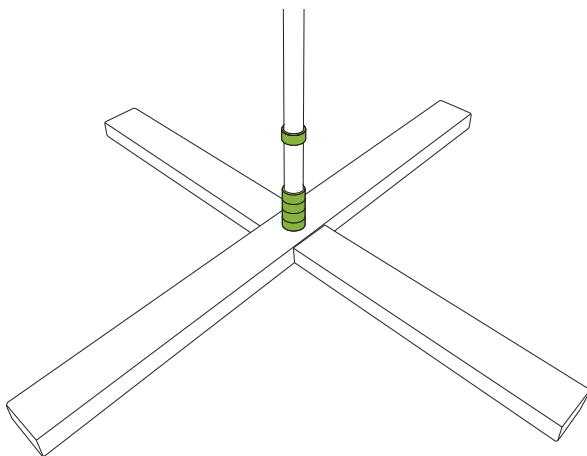

Step 2

Screw the **Tree Pole** to the Feet using **Bolt**, **Locking Washer**, and **Washer**. Use **Allen Key** to tighten clockwise.

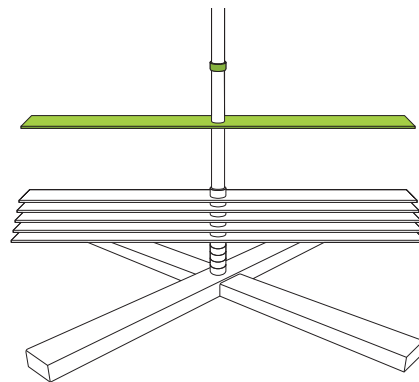

Step 3

Slide 5 **Spacers** on the **Tree Pole** to create the tree trunk.

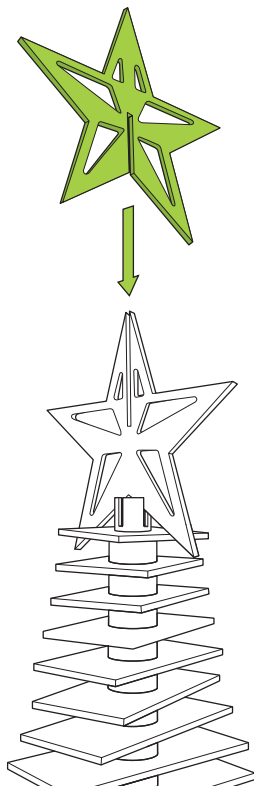

Step 4

Slide largest plastic **Tree Branch Plank** onto **Tree Pole** followed by a **Spacer**. Continue the **Plank/Spacer** pattern until all the planks are added to the **Tree Pole**. Ensure that planks are added largest to smallest.

Step 5

Slide **Star B** onto **Star A** and through the slots of the **Tree Pole**.

Step 6

Configure as desired. Enjoy! Happy Holidays!
