

B → E → C → D → A → Bulb

1. Carefully unpack and identify all parts referring to illustration for parts identification.
2. Turn the power to the installation point OFF.
3. Twist the stem (B) to the nipple of the socket assembly (E).
4. Install the loop assembly (C) to the top of the stem (B). Hands tighten until snug.
5. Attach both ends of the chain (D) to the hook of the loop assembly (C) and the fixture body (A).
6. Referring to the installation instruction with the product for the wiring and installation.
7. Install proper bulbs (not provided) to the sockets referring to the marking and/or labels on the fixture for maximum wattage.
8. Restore the power to the installation point ON.
9. Assembly is completely. Retain this sheet for future reference.
