## assembly instructions

Friendly Tip: Take a deep breath going in. This may be a tricky part, but nothing too overwhelming. Just follow these steps to the T and the outcome will be worth it!

- ⓘ While assembling the product, tighten the bolts up to 50%. Once all parts are in place, only then fully tighten the bolts.

step 1:

First, align the headboard (F) and footboard (F) to the two side rails (G) so that the matching stickers fall adjacent to each other. See this image for reference.

step 2:

To attach (G) to (F), insert lock washer (D), washer (C), and bolt (B) as shown in this image.

step 3:

After attaching all corners, the product will look as shown in this image.

step 4:

Now, place the mid-rail (H) in the centre as shown in this image.

step 5:

Using the image as reference, place the bolt (A) and fix the mid-rail in place with the help of allen key (E).

step 6:

Next place the three mid-legs (I) to the mid-rail (H) as shown in this image.

step 7:

Using the image as reference, place the bolt (A) and fix the mid-legs in place with the help of allen key (E).

step 8:

Place all the slates (J) parallel to each other as shown in this image. Make sure the slates are fixed in place.

step 9:

Now, if required, adjust the leveller according to the floor.
