

San Souci® Comfort Height®

one-piece compact elongated 1.28 gpf toilet

K-4000

Features

- Flush is activated by a no-touch sensor mounted inside the tank.
- Powered by 4 AA batteries (included).
- One-piece toilets integrate the tank and bowl into a seamless, easy-to-clean design.
- Compact elongated bowl offers added comfort while occupying the same space as a round-front bowl.
- Low-profile design.
- Comfort Height® feature offers chair-height seating that makes sitting down and standing up easier for most adults.
- 1.28 gpf (4.8 lpf).
- Concealed trapway and Clean Caps® facilitate easier cleaning and enhanced design.
- Includes K-4008 Reveal® Quiet-Close™ with Grip-Tight seat.
- When batteries are low, the unit will beep five times at half-second intervals when activated to indicate it's time to replace them.

Technology

- Touchless module projects a field through the top of the tank lid that senses your hand, causing the toilet to flush.
- Single-flush gravity uses the force of gravity and a precision-engineered tank, bowl, and trapway to create a strong siphon during flushing.
- AquaPiston® canister allows water to flow into the bowl from all sides (360 degrees), increasing the power and effectiveness of the flush.
- Flush valve's 3:2 ratio harnesses the natural force of gravity and optimizes flush performance.
- Durable canister design has 90% less exposed seal material than a 3" flapper for leak-free performance.
- Light-touch canister flush requires a lower actuation force than a flapper.

Installation

- Touchless only adds three simple steps to installation.
- Standard 12" (305 mm) rough-in.
- DryLock® System saves installation time and helps prevent water leakage.
- Supply line sold separately.

Water Conservation & Rebates

- Touchless has no impact on water usage.
- Eligible for consumer rebates in some municipalities.
