# Installation Instructions for LED Medicine Cabinet

Note: To ensure general use of this product please follow the installation instructions carefully. Must be installed indoors and on a suitable load bearing wall. Installation should be done by a licensed contractor and/or electrician.
Installation Tools Needed

| Measuring Tape	Level	Drill	Screwdriver	Hammer

Installation Instructions:

Fig①: Unpack the "E" and "F" mounting brackets.
Fig②: Install the "F" bracket in the horizontal position using the "A" anchor and "B" screw.
Fig③: Lift the medicine cabinet and securely place the "F" bracket as shown in the illustration.
Fig④: Hold the cabinet in the upright position and securely fasten the "E" bracket in the grove on top of the cabinet.
Fig⑤: Use "A" anchor and "B" screw through the mounting hole to secure the "E" bracket to the wall.
Fig⑦: Insert the provided shelf clips (C1/C2/D) into the round holes on both sides of the cabinet.
Fig⑧: After installing the shelf clips, insert the glass shelve(s).
