

SP4 Assembly Instructions

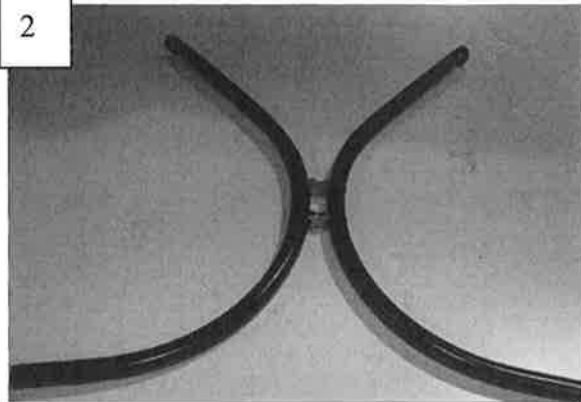

THIS TABLE IS NOT FOR COMMERCIAL USE.

1

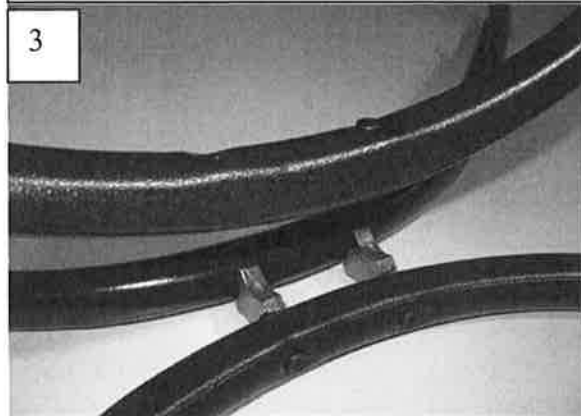

Insert 35mm Bolt through the holes in middle of the leg into the 4 way block. ***Do not tighten the bolts, leave loose***

2

Repeat step 1 with second leg so that it looks like the picture. Make sure that top of legs are facing the same direction.

3

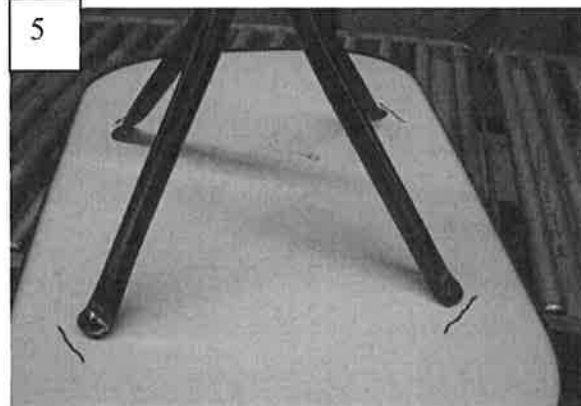

Repeat step 1 for the third leg. ***Do not tighten until all the bolts until all 4 legs are attached to the 4 way blocks.***

4

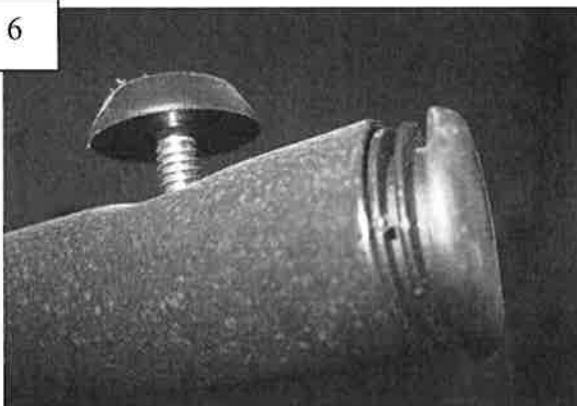

Stand table base up and attach fourth leg. Tighten all bolts.

5

Center assembled table base on bottom of table top between the lines and secure with #8 x 5/8" screws. ***Note: There are no predrilled holes***

6

Insert caps and levelers in the ends and bottom of the legs

Care and Cleaning Instructions

For best results it is best to remove stains on the Upholstery and Powder coated Frame as soon as possible.

Powder Coated Parts:

Do not use abrasives soaps, cleansers or steel wool to clean the frame.

To clean: Use a mild soap and warm water. Rinse thoroughly with clear water. Wipe with a clean soft cloth to avoid streaks and spots.

Melamine Table Surface:

To Clean: Wipe with a mild soap solution and clean water. Dry with a clean cloth to avoid spots and streaks. Wipe all spills up promptly to avoid staining.

DO NOT USE ABRASIVE SOAPS OR STEEL WOOL TO CLEAN
