

6IN RECESSED SLOPE Ceiling joists, or in suspended ceilings Mounted • Damp Location Listed

Description:

6" Recessed Slope Ceiling Remodel Non-IC Housing for 6" Trim

Specifications:

- The housing is constructed from die-formed corrosion resistant galvanized steel
- Its gasketed Air-Tight housing restricts airflow from conditioned spaces into unconditioned attic space, preventing unnecessary HVAC costs and improving the overall home energy efficiency
- An integral flange and locking springs create a snug fit against the ceiling, permitting quick mounting in 1/2 in. to 1-1/2 in. thick ceilings
- The socket position can be adjusted to accommodate ceiling pitches from 2/12 to 7/12 pitch
- Wiring is made easy with the included wiring quick-connects that allow simple installation of 12-20 AWG wire without using separate wire nuts - simply strip supply wires and push in
- Housing is provided with a medium base socket for a variety of bulbs - which are based on the trim used.
- Housing features a universal J-box with snap-out sides
- cULus damp location rating makes this trim ideal for use in a variety of room settings and is thermally protected against improper use of lamps
- Fully dimmable with dimmable bulbs

Performance:

Input Power	100 W
Input Voltage	120 VAC
Warranty	1-year Limited Warranty
Labels	cULus Damp Location Listed

P806A-R-MD-AT

Dimensions:

Length: 6-1/2 in
 Width: 13-1/8 in
 Height: 8-3/16 in
