

Atlantis Porcelain Art

Simple & Elegant....

ABOUT YOUR NEW HAND PAINTED SINK

Atlantis Porcelain Art sinks are shipped free of defects in material or workmanship. Our products have been carefully inspected and packed with the utmost care. If damage is noted upon receipt, please initiate a claim with the freight carrier. In order for us to serve you better, you must open and inspect this order immediately. Delayed claims of shortages or damages will not be accepted after 24 hours from receipt.

INSTALLATION

Keep all tools away from the new china fixture. Maintain a clean work area free of dirt and particles. **DO NOT USE PLUMBER PUTTY. PLEASE USE ONLY LATEX CAULKING.**

PRODUCT CARE

For routine cleaning purposes, simply use a soft damp cloth then rinse and dry. **USE WATER ONLY OR ISOPROPIL RUNNING ALCOHOL 70%.** Proper care of your product is important because most water contains calcium, which deposits on surfaces forming unpleasant spots. This can be avoided by routine cleaning and drying after every use. **NEVER** use abrasive cleaners, bleach, disinfectants or cleaning products containing ammonia, hydrochloric or phosphoric acids as they will damage or scratch the surface of the hand painted china fixture.

Atlantis Porcelain Art disclaims any responsibility and offers no guarantee for consequential damage resulting from misuse or use of cleaning products that could damage the finish. We hope you enjoy your new hand painted sink and we thank you for choosing Atlantis Porcelain Art hand painted sinks.
