

DecoPro Returns Policy

All Sales are Final. No returns will be accepted without prior authorization (RMA number) from DecoPro. Unauthorized returns will not be credited to the buyer and will not be returned to the buyer.

DecoPro will authorize returns **only** when the product arrives damaged, is defective, or DecoPro mistakenly shipped an incorrect product. When a return is authorized, the buyer will be responsible for any loss in value if an item isn't returned in its original packaging and condition.
