

ASSEMBLY INSTRUCTIONS

Note: Before you begin, separate all parts and compare them to the illustration to assure a complete assembly.

1. Pull cord through lamp base to tighten stem connections, make sure the screw nut at the bottom of the lamp is tightened.
2. Thread neck onto lamp body.
3. Insert harp into saddle.
4. Put shade onto harp.
5. Screw finial onto harp to fix shade tightly.
6. Install light bulb into socket (bulb not included).

*Unplug lamp before servicing bulb.
Now your lamp is ready to enjoy.

IMPORTANT SAFETY INSTRUCTIONS

This portable luminaire has a polarized plug (one blade is wider than the other), as a safety feature to reduce the risk of electric shock. This plug will fit in a polarized outlet only one way. If it does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Never use with an extension cord unless the plug can be fully inserted. Do not alter the plug.
