DESCRIPTION

Eclipse is a direct-indirect LED sconce made of extruded aluminum with no visible light source from any angle. Its contemporary organic design allows for a modern look with a warm classic glow illuminating the wall from either side of its elliptical body. It is offered in brushed chrome exterior housing with white inner reflector or black exterior housing with gold inner reflector for horizontal or vertical mounting.

HOUSING

- Extruded aluminum housing with black/gold, or brushed chrome/white finish

MOUNTING

- Square base over a 3-1/2" to 4" recessed round junction box.

ELECTRICAL/CONTROLS

- 120-277Vac, 50/60Hz input, 9.2W
- Trailing Edge (ELV) dimming at 120Vac to 5%
