

ASSEMBLY & INSTALLATION INSTRUCTIONS FOR #707110

Please read carefully and save these instructions, as you may need them at a later date.

CAUTION:

This product has a polarized plug (one blade is wider than the other) as a feature to reduce the risk of electric shock. This plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Never use with an extension cord unless plug can be fully inserted.

Do not alter the plug.

GENERAL

Remove the wall lamp and the mounting package from the box and make sure that no parts are missing by referencing the illustrations on the installation instructions.

ASSEMBLY AND INSTALLATION

1. Position the Mounting plate (pre-assembled) on the wall at desired location and mark the place for plastic anchors to be installed.
2. Drill pilot holes on the marked spots and insert plastic anchors, thread the mounting screws into the plastic anchor, by screwdriver, leave certain length for mounting plate slide over.
3. Attach the mounting plate assembly to the mounting screws, then slide the keyholes of the mounting plate over the mounting screws.
4. Screw light bulb into the lamp socket and make sure it does not exceed the maximum wattage specified on the fixture's wattage rating label, **MAXIMUM 60W**.
5. Plug the power cord into an outlet and turn on at switch.
