(A)
Shelf
x5

what's included

(B)- Screw
x10

(C) - Wall Plug
x10

installation instructions

Friendly Tip: Take a deep breath going in. This is easy even if you are not used to tools. Just follow these steps to the T, and the outcome will be worth it!

step 1:

Measure the distance between the two sawtooths using a measuring tool.

step 2:

Place the measuring tool against the wall and make two marks where you want to mount the shelf.

step 3:

Place the shelf on the wall against the marked points and put a spirit level on the plank to ensure it is in a straight alignment.

step 4:

Now, drill holes at the points you just marked.

step 5:

Using a hammer, insert the wall plugs (C) inside the holes. Then, using a screwdriver, secure the screws (B) into the wall plugs (C).

step 6:

Place the sawtooth over the screws. Repeat the same steps to install the remaining shelves.

Voila! Your shelf is now installed and secure!
