CARE INSTRUCTIONS

**PRODUCT IS INTENDED FOR INDOOR & OUTDOOR USE. THIS PRODUCT IS
CONSISTENT WITH SAFETY REQUIREMENTS**

- ☒ When in use, do not exceed the maximum load of:
 - Coffee table: est 120lbs on top, 20lbs / drawler
 - Console table: est 100lbs on top, 10lbs / drawler
 - TV cabinet: est 120lbs on top; 10lbs / shelves
 - Bookcase: est 40lbs / shelves

MAINTENANCE AND STORAGE:

- ☒ The wooden part can be cleaned with pledge or wax-base furniture polish.
- ☒ Cleaning is carried out with a clean, dry, lint-free cloth from cotton or another material. We do not recommend microfiber cloths. Alternatively, the cleaning is carried out with a clean, damp cloth with water, then drying it with a clean lint-free cloth

DIRECTIONS FOR USE:

- ☑ Wood may expand and shrink with differences in temperature and humidity. Keep all wooden products at least one meter away from a direct source of heat (heaters, radiators, fireplaces etc.).
- ☑ Active use may loosen bolts and screws. Perform a hardware check every few months or so
- ☑ Place furniture away from radiators, heating vents and wood burning stoves.
- ☑ Immediately wipe away any liquid spilled on a wooden top.
- ☑ When moving furniture, lift rather than dragging on the floor. Avoid cleaning your furniture with window-cleaning products, as the ammonia they contain will destroy the finish.
