We stand behind our brand and the quality of the items we sell. We will send new parts, or replace products at our discretion within the one year warranty period. Before we can help, you will need to provide proof of purchase with the date of purchase and photos of the defective merchandise. We will use the photos to determine the cause of defect and for future quality control.

Assembly Instructions

CAUTION

- The Gravity Chair is designed to support a maximum of 250lbs (113kg).
- Do not hang from the overhead dowel.
- Do not swing.

1. Make a loop and knot through the large S-hook (A). Using the eye bolt, secure to a ceiling joist capable of holding at least 250lbs. Always ensure that the chair is hung at least 12" off the floor or ground.

Make sure all wooden dowels are inserted completely into dowel holders!
(As shown in Fig 1)
