## Assembly Instructions

### Step 1:

- Hold the plywood panel (3) against the wall and align the screw holes with your stud locations.
- Use a writing untencil to mark the location.
- See Figure 1 for recommended mounting height
- Use long screws (A) and drive them through the plywood panel to secure.

Figure 1

### Step 2:

- Use short screws (B) to attach the wooden hanger (2) to the plywood panel (3).
- Use Figure 2 as reference for mounting height.

Figure 2

### Step 3:

- Hang the vanity (1) on the wooden hanger (2).
- Use Figure 3 as reference for recommended final mounted height.

## Step 4:

- Remove the middle drawers by pulling on the drawer, and pushing the locking device at the same time. See Figure 4.

Figure 4

## Step 5:

- Drive short screws (B) through the two holes located on the vanity hanging rail. See Figure 5.

The middle drawer has been removed, to facilitate short screw (B) installation

Figure 5

## Step 6:

- Fully extend the slide rail out. See Figure 6.
- Place the drawer onto the slide rails. See Figure 7.
- To secure the drawer, close until a series of clicks are heard. See Figure 8.
