This fixture was designed and manufactured in Plattsburgh, N.Y. Our high-quality crystal fixtures are made with state-of-the-art manufacturing equipment. If you have any questions about this or any of our more than 450 crystal products, contact your nearest authorized Schonbek distributor.

**CAUTION... RISK OF ELECTRICAL SHOCK.** Make sure the electrical supply to the chandelier is turned off at the main fuse or circuit breaker before doing any installation. All electrical components must be installed by a licensed electrician in accordance with the National Electric Code and the appropriate local electrical codes.

**HANGING WEIGHT:** 88 pounds.

**BULBS:** (33) Candle shaped candelabra base C10 bulbs, recommend 25 watts for best appearance.  
(15) Globe shaped candelabra base G16-1/2 bulbs, recommend 25 watts for best appearance.  
40 - Watts Maximum

**WARNING:** This chandelier meets UL/CSA requirements. Any tampering will void UL/CSA certification.

**Follow steps in exact order  
Save this trim diagram for future reference**

### IMPORTANT

*Please record the following information for future service.*

CODE	#	_____	Four-digit number on outside of carton.
PACKER	#	_____	See crystal package label.
ORDER	#	_____	See crystal package label.

**1 MAKE SURE POWER IS DISCONNECTED!!**

**2** Attach washer to supporting member in ceiling sufficient to support weight of fixture.

**3** Slip screw collar, crystal cover and metal canopy over chain. Determine the suspension length of the fixture and cut chain, if necessary. Use two connecting links to attach chain to chandelier loop and ceiling loop.

**4** Insert stem wire through chain and ceiling loop. Connect wires, fixture **MUST** be grounded.

**5** Check distance from ceiling to loop to assure canopy assembly will be flush against ceiling.

**6** Attach canopy to ceiling with screw collar. Screw bulbs into all sockets. Test power to insure proper wiring before hanging trim from fixture.

## NOTES:

## Installation of Crystal "G" and "K"

Position the crystal above the "plain" bracket so that the end of the hook enters the slot, gently push toward the center of the fixture and raise the crystal making sure that the end of the hook comes up through the inner slot, in line with the outer slot.

With the hook in the bracket, as shown, pivot the crystal downwards so that the hook rests in the end of the outer slot.

DIAGRAM #4

## Installation of Crystal "H" and "J"

Position the crystal above the "Y" bracket so that the end of the hook enters the long slot, gently push toward the center of the fixture and raise the crystal making sure that the end of the hook comes up through the short slot, in line with the long slot.

With the hook in the bracket, as shown, pivot the crystal downwards so that the hook rests in the end of the long slot.
