PACKAGE CONTENTS + (4) Screws

x4
11in. x 2.5in. x 2.5in.
Tall Posts

x12
4ft. x 3.5 in.
Boards

x4
3.5in. x 3.5in.
Decorative Caps

1. BUILD A WALL.
Hold a Board on the ground so it's standing on edge with the notched ends to the left and right. Slide a Tall Post down over one notched end of the Board. Next, slide another Tall Post over the other notched end. This forms a wall.
Repeat step one to complete a second wall.

2. BUILD A FRAME
Place the walls parallel to each other and connect them into a square with two more Boards. This forms the frame of the Garden Bed.

3. FINISH GARDEN BED & ATTACH DECORATIVE CAPS
Add two more Boards, one at a time, directly on top of each existing Board in the frame. Push the Boards down evenly between the tops of the Tall Posts. If needed, tap snugly into place with a rubber mallet. When the Garden Bed is completed, attach each Decorative Cap to a Tall Post with a screwdriver and Screw. We recommend drilling a pilot hole in each Cap first.

TO STACK GARDEN BEDS FOR MORE HEIGHT:

• Assemble the first Garden Bed without Decorative Caps, or remove Caps from a completed Bed.
• The Corner Posts are designed to be taller than the Boards, so Beds can be stacked securely.
• Slide a Board from the second Garden Bed into tops of the Corner Posts from the first Bed, to extend one wall upwards.
• Slide Corner Posts from the second Bed down on both ends of the Board to lock inplace.
• Continue assembling the second Bed, sliding Boards and Posts into place on top of the first to complete another 4ft. x 4ft. square.
• Attach Decorative Caps to the tops of each Corner Post.
