

**Components and Hardware List**

Cabinet

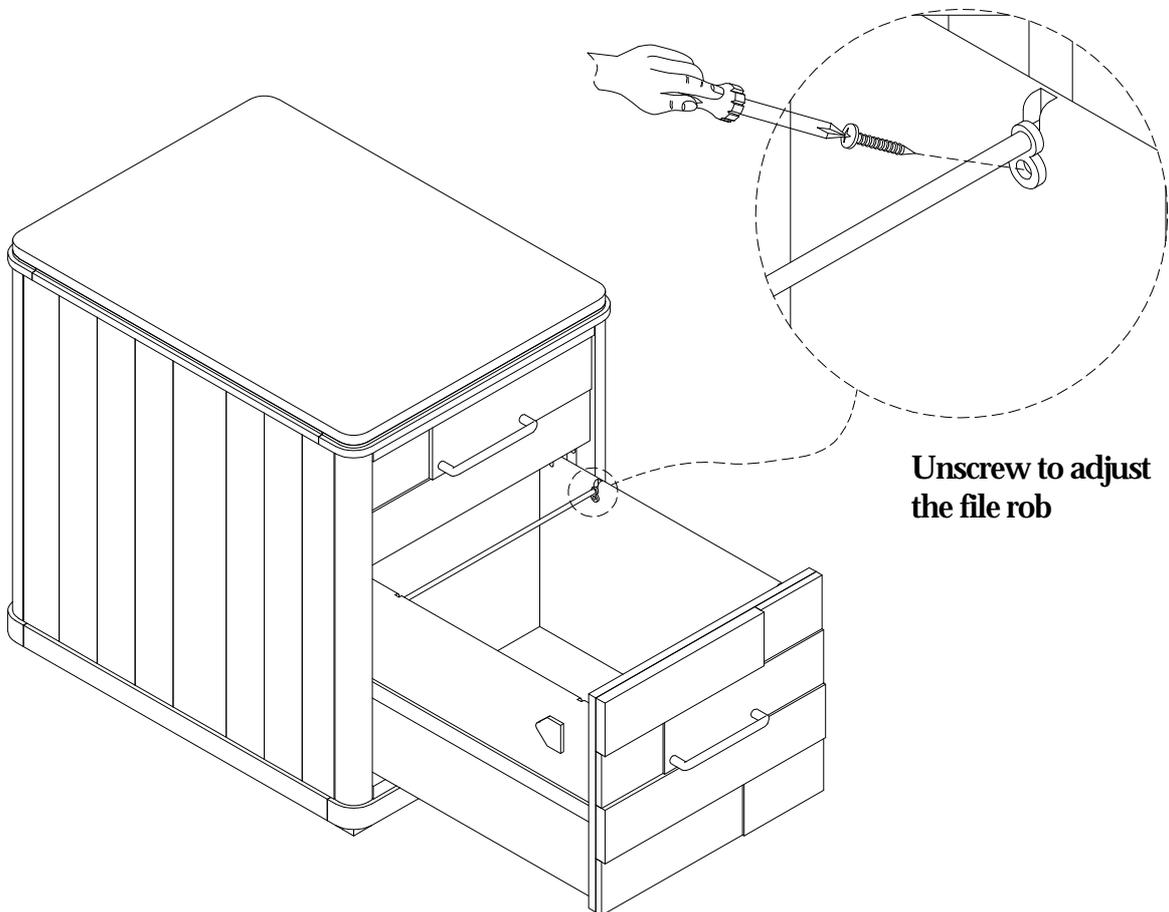

(A)

1 pc.

**39334  
Mobile File**

**Unscrew to adjust  
the file rod**

**This furniture is equipped with safety hardware to prevent both drawers from being opened at the same time to prevent the cabinet from tipping forward. Please do not try to override this feature and completely close one drawer before opening the other.**

**The File Drawer can be set up to use either Letter or Legal size hanging file folders using the File Rods installed in the file drawers .**
