

Section 1	
Part A	
Question	Answer
1. What is the name of the process by which water moves from the soil into the roots of a plant?	Osmosis
2. What is the name of the process by which water moves from the roots of a plant into the leaves?	Transpiration
3. What is the name of the process by which water moves from the leaves of a plant into the air?	Evaporation
4. What is the name of the process by which water moves from the air into the leaves of a plant?	Condensation
5. What is the name of the process by which water moves from the leaves of a plant into the soil?	Root exudates
6. What is the name of the process by which water moves from the soil into the air?	Evaporation
7. What is the name of the process by which water moves from the air into the soil?	Condensation
8. What is the name of the process by which water moves from the soil into the air?	Evaporation
9. What is the name of the process by which water moves from the air into the soil?	Condensation
10. What is the name of the process by which water moves from the soil into the air?	Evaporation

Section 2

Part B	
Question	Answer
1. What is the name of the process by which water moves from the soil into the roots of a plant?	Osmosis
2. What is the name of the process by which water moves from the roots of a plant into the leaves?	Transpiration
3. What is the name of the process by which water moves from the leaves of a plant into the air?	Evaporation
4. What is the name of the process by which water moves from the air into the leaves of a plant?	Condensation
5. What is the name of the process by which water moves from the leaves of a plant into the soil?	Root exudates
6. What is the name of the process by which water moves from the soil into the air?	Evaporation
7. What is the name of the process by which water moves from the air into the soil?	Condensation
8. What is the name of the process by which water moves from the soil into the air?	Evaporation
9. What is the name of the process by which water moves from the air into the soil?	Condensation
10. What is the name of the process by which water moves from the soil into the air?	Evaporation
