Towel Bar (18" and 24") Installation

Installation Step:

1. Hold the Tower bar upright and against the wall at the desired mounting loaction .Use a level ruler to ensure that the item is level and then use a pencil to mark the wall through each screw hole of the item.
2. Place the mounting plate in the center of the pencil outline you just made and mark the location of mounting screws. Drill holes at the marked locations .
3. Insert anchors into the holes with a hammer until flush with the wall .
4. Screw the mounting plate (with the lips facing out) to the wall with the mounting screws.
5. Repeat step 1 through 4 with the other side .
6. Place the product with the Bracket clipping over the mounting plate. The set screw at the Bracket should be at bottom matching with the lower end of the vertically placed mounting plate .Unscrew the set screw a little bit may be required for proper fitting. Clip the Bracket with the upper end of the mounting plate first . Then, push the Bracket completely to flush with the wall and tighten the set screw to lock with the mounting plate on wall .

CANDRY BATH HARDWARE INSTALLATION GUIDE
