**MAYKKE Peine 15" Square Ceramic Vessel Sink | Modern Above Counter Bathroom Sink Basin for Lavatory, Vanity Cabinet Countertop | White, YSA1600101**

Bold, symmetrical, and vivid, the Peine Ceramic Vessel Sink is an assertive furnishing choice. Crafted in a contemporary style defined by its uncluttered structure, it boasts a clean geometric shape, a fundamental element of modern design. This square vessel sink brings a clean, definite nature, while tapered edges offset harshness. Smooth curves in the interior corners of the bowl continue this balance of softness. Construction in high-quality ceramic ensures long-lasting utility; this material resists stains, scratches, mildew, and UV light. Its glossy finish brings vibrancy to your bathroom, and the non-toxic surface cleans safely and easily with all-purpose cleaning products. The Peine Ceramic Vessel Sink adds an audacious touch to your modern bathroom.

**Features**
