K836-2	Jumbo wax gasket with sleeve	24
K836-3	Reinforced wax gasket with brass snap off bolts with sleeve	24
K836-4	Jumbo wax gasket with extra long brass bolts with sleeve	24

DESCRIPTION

Heavy duty wax ring for use with 3" or 4" waste lines.

Wax Ring for closet bowl setting to be constructed of non hazardous petrolatum. Wax rings with sleeve shall have a plastic polyethylene flange (in alignment with bowl) to extend discharge opening. Bolts shall be all brass construction.

INDUSTRY APPROVALS

- Federal Spec TT-P-1536A

Listing of parts approved for specific codes available. See Keeney contact information below.

PHYSICAL/CHEMICAL PROPERTIES:

- Specific Gravity 0.84-0.88
- Appearance Honey Yellow
- Shelf Life 2 years from manufacture
- Melting Point 145° F- 163° F

DIRECTIONS FOR USE

Ensure that wax ring is at room temperature to allow for proper flow of wax. All surfaces must be dry and free of other contaminated wax. Remove debris by scraping with putty knife or wire brush. Dust and dry all surfaces before installing gasket. Remove wax ring from wrapping. Place wax firmly over the horn of the outlet on the toilet bowl and set into place over closet bolts, using body weight to compress gasket. Gently twist bowl to spread wax. Tighten flange bolts carefully (do not overtighten) to prevent cracking or chipping to the toilet bowl.

PRECAUTIONS

Read all cautions and directions carefully before using this product. Make sure water supply is shut off before beginning installation. For use on closet bowls only. Not for use on wall-hung urinals. **DO NOT INSTALL ON WET SURFACES.** Keep away from direct sunlight to prevent darkening. Do not store near extreme heat. **KEEP OUT OF REACH OF CHILDREN.**
