

# ASSEMBLY INSTRUCTION

## FOR ITEM: 720125

**Note:** Please read carefully and save these instructions, as you may need them at a later date.

**IMPORTANT SAFETY INSTRUCTIONS:** This product has a polarized plug (one blade is wider than the other) as a feature to reduce the risk of electric shock. This plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Never use with an extension cord unless plug can be fully inserted. Do not alter the plug.

**GENERAL:** All electrical connections must be in accordance with local and National Electrical Code (N.E.C.) standards. If you are unfamiliar with proper electrical wiring connections obtain the services of a qualified electrician.

Remove the lamp from the box and make sure that no parts are missing by referencing the illustrations on the installation instructions.

1. Fasten the **POLY TUBE** (2) onto the **LAMP BASE**(1).  
Be careful not to twist the power cord, tighten securely.

2. Place **POLY TUBE** (3) onto **POLY TUBE** (2).

3. Place **POLY TUBE** (4) onto **POLY TUBE** (3).

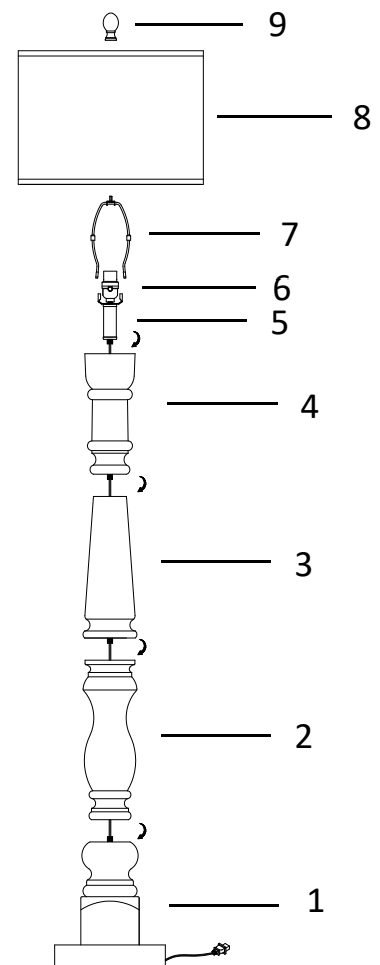

4. Place **Socket Assembly**(5) onto **POLY TUBE** (4).

5. Place **HARP**(7) onto **saddle**(6).

6. Put **SHADE** (8) onto **HARP** (7) and tighten with **FINIAL** (9).

7. Screw a light bulb into the lamp socket and make sure it does not exceed the maximum wattage specified on the lamp wattage rating label, **MAXIMUM 150 WATT**

**This 3-way socket is only suited for 3-way bulb, Please do not install normal single-filament bulb into this socket. Otherwise, it may cause short circuit or bulb exploded.**
